Wisconsin Lions State Directory: Dust Collector No More

How to Read the Club Listings

Want to know more about LaFarge's successful Easter Egg Hunt? How to develop a diabetes education program? Where the state curling bonspiel will be held? What the resolution on the state ballot is referring to? Or how to get an article published in the Wisconsin Lion Magazine? Check out one of the best kept secrets in 27D1 - the Wisconsin Lions State Directory. This book contains over 250 pages of state, district and local club contact information; dates & locations for sports events & conventions; and a copy of MD27's constitution & by-laws.

Each year your club president and secretary receive a copy of the directory at the first zone meeting of the year (sometime in early to mid August).

Following is a synopsis of the information available in this year's directory.
